EXAMINER'S COMMENT

Drawings

1. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the lines and shading of the drawings is of poor quality. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
2. Furthermore, it is recommended that the generators in the Figures (21 and 26 and 36) be labeled "Gen" or "Generator" to facilitate review.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: the arguments filed 03/16/2009 are persuasive and binding in view of the claims amended therewith.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
